### **Mayor's Gang Prevention Taskforce Tech Team Subcommittee**

On Wednesday February 11, 2009 the Mayor's Gang Prevention Taskforce Tech Team Subcommittee met to discuss, clarify and discuss the roles and responsibility for the members of this subcommittee.

There was a general consensus from the body that the purpose of the Tech Team Subcommittee is to act as an information conduit between each police district and the policy board as to promote action that will enhance the work of the Tech Team.

Over the next month PRNS and members from the Subcommittee will be working on clarifying guidelines and meeting formats as to start addressing immediate and long term concerns of the Tech Team.
